# EX SERIES

Cargo Express has been a leader in manufacturing quality trailers for a wide variety of uses. By using superior materials and proven engineering our trailers will perform better and last longer than the competition. To continue our efforts to give customers more choices we created the EX Series line of entry level cargo trailers.

The EX Series line of cargo trailers are the value leaders. They offer the quality and features people have come to expect from Cargo Express and are backed by one of the best warranties in the industry.

They are designed to be light-weight, secure and easily towed by a variety of vehicles. The EX Series features an all steel tube frame with integrated A-Frame, 3/4 in. Advantech flooring, and is backed by a quality 3 year limited warranty.

Contact your nearest Cargo Express dealer for more information.
